Zepko Audubon Camp Scholarship 2024

The Connecticut Ornithological Association is pleased to announce that we will again offer one Zepko Audubon Camp Scholarship to nurture interest in bird study and conservation among young birders. The 2024 Scholarship will cover the full cost (\$1,790) for **Coastal Maine Bird Studies for Teens**. The cost includes housing, boat travel and all meals. The scholarship recipient will be responsible for transportation costs to and from camp. All participants must agree to the COVID-19 Camp Guidelines – please read before applying. <https://hogisland.audubon.org/camperguidelines>

This intensive 6-day, 5-night program on Hog Island allows enthusiastic young birders to work with some of the country's best-known birders and ornithologists on field identification, bird ecology and conservation. Occurring concurrently with the adult Field Ornithology and Hands-on Bird Science sessions, and sharing many of the same instructors, this program includes the unique opportunity to see Audubon's seabird restoration work in action.

Applicants must be a resident of Connecticut or active in a Connecticut birding organization, ages 14-17, and must submit a written application along with two letters of reference.

Completed applications and references must be received by the COA by **January 31, 2024 no later than 5:00 pm**.
